ON6BY ---> Monique's (QSL manager for 9K2CA and JY5DK) new address is the following: Monique V.D. Dolder, Klaprozenlaan 10, B-4800 Oostende, Belgium.

PALESTINE UPDATE ---> The JA1UT/JA3UB group has been involved in Palestine since mid-1994 with a United Nations humanitarian aid project. providing and installing VHF radios in ambulances and hospitals. Several visits have been made in pursuit of the project, and two of them included licensed amateur radio operation. The first step in the resumption of amateur radio was made by a short operation of a Palestinian national Dr Sami Tarazi from the Gaza Strip on 2nd December 1994 using the historic call sign ZC6B. The first operation by the JA1UT/JA3UB group took place between 12-20th December 1994 from the Gaza strip, using the call signs JA1UT/GAZA, JA3UB/GAZA, JK1KHT/GAZA JO3XEQ/GAZA. The /GAZA suffix was used because Palestine did not hold a currently valid call-sign allocation. A written permit was issued by the Ministry of Telecommunications and Posts. The second operation by this group took place 14-19 May 1995. The call signs used were JA1UT/ZC6, JA1UPA/ZC6, JA3UB/ZC6, JO3XEQ/ZC6, JO3XER/ZC6, JH7DHS/ZC6, JR0CGJ/ZC6. A licence was issued by the Ministry of Telecommunications and Posts of the Palestinian Authority. This stipulated the use of the /ZC6 prefix. An informal approach was made to a representative of DXAC at the Tokyo Ham Fair August 1995, sounding out the possibility of a DXAC accreditation. In the personal opinion of the representative, it would be a long time before DXAC could even consider such an application two to the political complexities concerning the autonomy criteria. The JA1UT/JA3UB group are planning another visit to Palestine in late June/early July 1996. (TNX G3NOM/JA1UT).
